

News and recruitment updates

ERIC-PPCI has recruited the 2100th patient

In August, 76 patients were recruited into ERIC-PPCI which brought us to a **total of 2121**. Congratulations to Liz Radford from New Cross Hospital in Wolverhampton who recruited the 2100th patient on the 21st August.

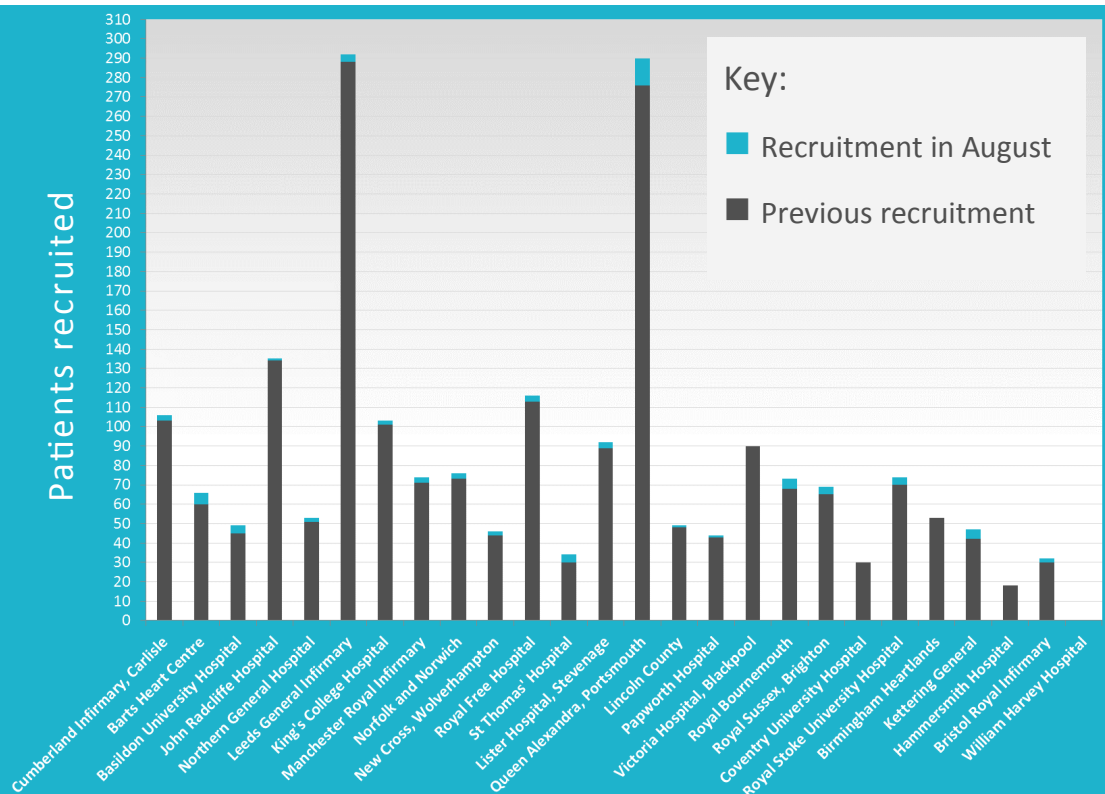

The top recruiting sites in August were Charlotte, Anne, Rosalynn, Leslie, Emma, Trevor, David and the Portsmouth team (14 patients), Martina, Mervyn and the Barts team (6 patients), Nicki, Stephanie, Nicki and the Bournemouth team (5 patients) and Charmaine and the Kettering team (5 patients). In total, 21 out of 26 sites recruited a patient. Thank you all for your continued hard work on ERIC-PPCI in August.

Several sites reached recruitment milestones during the summer. Kings' College Hospital recruited their 100th patient and Birmingham Heartlands recruited their 50th patient. Keep an eye on your mailboxes for a thank you from the ERIC-PPCI CTU. We hope you have all had a great summer and look forward to what the rest of the year will bring for the trial.
