## News and Updates

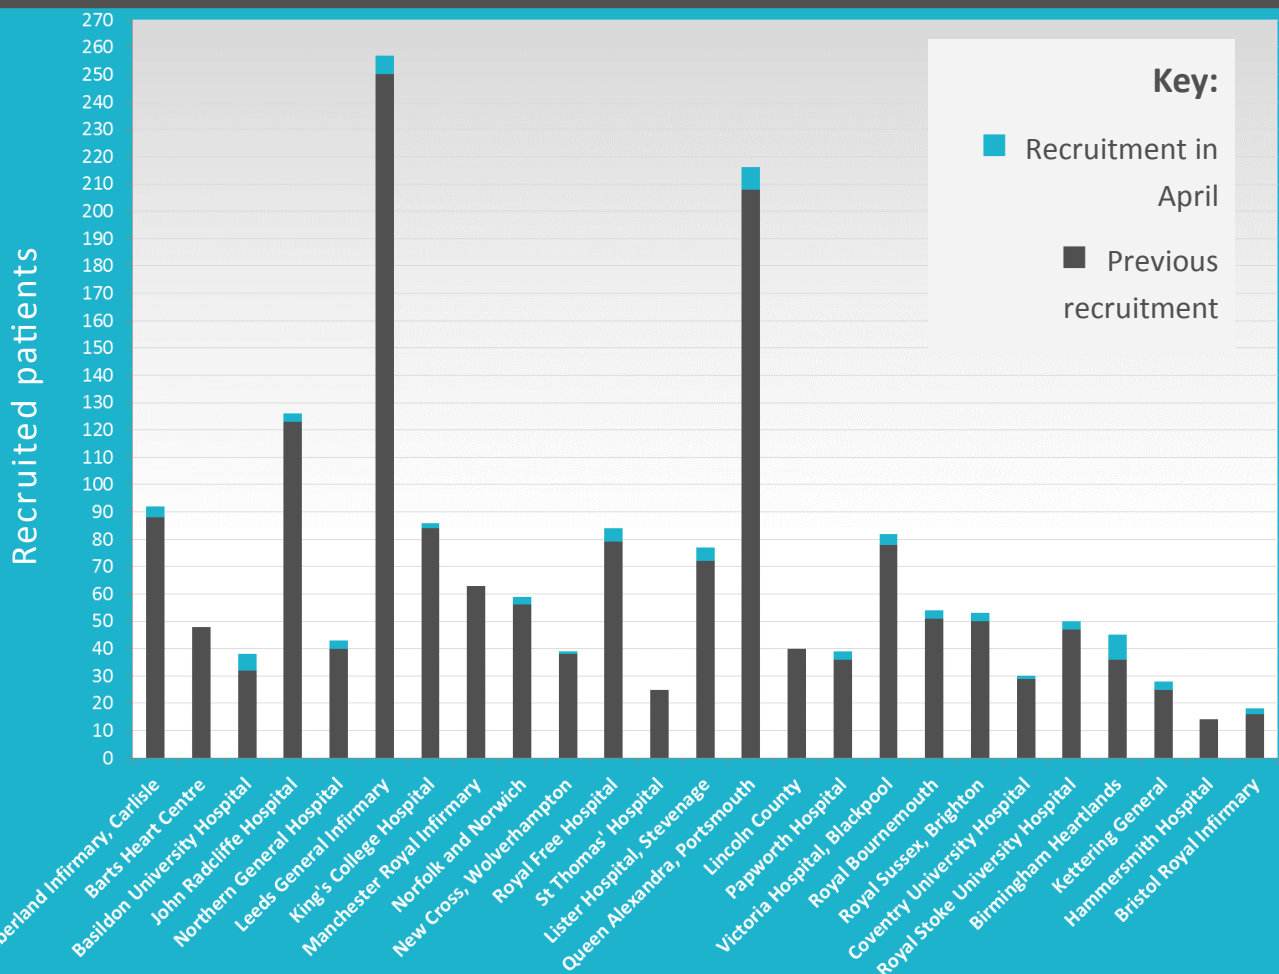

Welcome to the May 2017 ERIC-PPCI newsletter. This newsletter includes an update on recruitment. Congratulations to our partner trial CONDI2 which recruited its 2000th patient in April.

In April, 77 patients were recruited into ERIC-PPCI which is a great achievement given the Easter holiday. Stoke recruited their 50<sup>th</sup> patient and received a prize while Barts (48 patients), Birmingham (45 patients) and Cumberland (92 patients) are all close to major milestones.

The top recruiting sites in April were Alan, Kaeng and the Birmingham team (9 patients), Charlotte, Anne, Rosalynn and the Portsmouth team (8 patients), and Charlotte, Michelle, Kathryn and the Leeds team (7 patients). In total, 19 out of 25 sites recruited a patient. Thanks to everyone for your hard work in April.

ERIC-PPCI recruited its 1700<sup>th</sup> patient in April and ended the month with **1715 patients**. Recruitment for ERIC-PPCI continues to be almost a year ahead of schedule.
