

News and recruitment updates

ERIC-PPCI has recruited the 2300th patient

In October, 106 patients were recruited into ERIC-PPCI which brought us to a **total of 2342**. Congratulations to Nikolaos Spinthakis from Lister Hospital in Stevenage who recruited the 2300th patient on the 17th October.

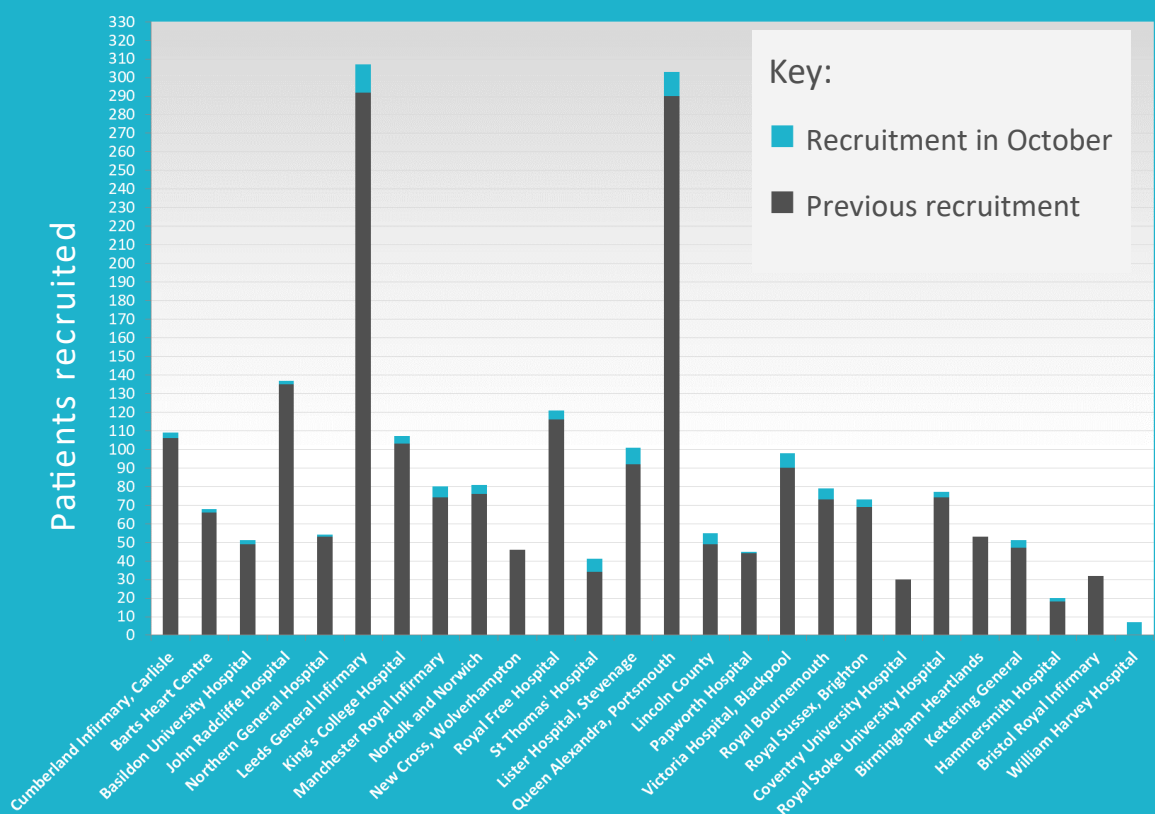

The top recruiting sites in October were Charlotte, Anne, Rosalynn, Leslie, Emma, Trevor, David and the Portsmouth team (14 patients), Charlotte, Michelle, Kathryn and the Leeds team (13 patients), and Stephen, Leonie, Janette, Charlene and the Blackpool team (9 patients). In total, 22 out of 26 sites recruited a patient. Thank you all for your continued hard work on ERIC-PPCI in October.

Several sites reached recruitment milestones in the past month. Blackpool Victoria Hospital recruited their 100th patient and New Cross Hospital in Wolverhampton recruited their 50th patient. Keep an eye on your mailboxes for a thank you from the ERIC-PPCI CTU. We hope you have all had a great October and look forward to what the rest of the year will bring for the trial.

CONGRATULATIONS BLACKPOOL, OUR LUCKY DIP WINNER!

In September we ran a Lucky Dip draw for all sites that recruited more patients in September than August. Well done to Blackpool Victoria Hospital for winning. Your prize is in the post and should reach you soon.

Keep your eyes on the newsletter for more draws soon.

CONDI2 Update

Well done to our sister trial CONDI2 for recruiting 2395 patients as of the end of October. CONDI2 are also on track to reach the target sample size of 2600 patients early next year. Well done CONDI2!
